THE SPORTSMAN

HALTER WILDLIFE

A man with a beard, wearing a grey baseball cap, a dark long-sleeved shirt, and a bright orange safety vest, is aiming a pump-action shotgun upwards in a grassy field. A small dog, possibly a beagle, is sitting in the grass in the foreground, looking up at the man. The background is a dense line of green trees and bushes.

INTRODUCING HALTER'S DOUBLE BARREL BOURBON

At Barrel Proof For High Caliber Flavor.

Created with the help of several of our Halter Wildlife Bourbon lovers, this small two-barrel batch has produced 350 bottles. Both have a full proof of approximately 55.9%. With notes of caramel, clove, honey and light citrus, it is a very crisp and clean bourbon.

The more it sits on the palate, the more the subtle citrus and 7-up comes out. Coco from Barrel #2 is softened to a very light dark chocolate while the sweet soda citrus lingers to the end.

These bourbons (2 separate barrels) were selected by more than a dozen members sampling from several barrels that had already been pre-selected for their quality, rich flavor and individual flavor characteristics. The members chose to combine two of the sample barrels tasted to create a deeper fuller flavor that had characteristics from both barrels. The labels are custom designed and approved by Halter with the assistance of our professional graphic artist. All bottles are individually filled, numbered, and labeled by hand. Both were bottled direct from the barrel, unfiltered and at full proof. Just like drinking it straight from the barrel!

Please take the time to read up on our Halter Wildlife custom made Bourbon. You will not find it on any other shelf for sale but at Halter. We would like to thank the 12 specially selected members that enjoy a great Bourbon who came out for a tasting and carefully selected two barrels to marry and make one outstanding Double Barrel Bourbon. It is the perfect gift and warming drink on a snowy day, get your bottle while supplies last!

EMPLOYEE SPOTLIGHT: DION PERRY SR.

Tell us about your family

I've been married for 29 years to my beautiful wife, Christa, who also works at Halter in the office. We have two wonderful children. My son, "Little" Dion works here at Halter too during the hunting season and is also charter captain during the summer. My daughter, Kayla just graduated from college with a degree in Graphic Communications. I am very proud of both of them.

What do you do at Halter?

I've been working at Halter for 28 years. I work outside helping maintain the property and take care of the dogs and birds. I guide, and clean and process the harvested birds.

What do you love most about Halter?

I love working with all the staff. I also love

interacting with all the members and their guests. I really enjoy guiding and being in the field with some good bird dogs and some good guys. And I love being able to see my son during the day and ability to sneak a kiss with my wife!

Best AI Story?

The stories I know would get him in trouble so... no comment.

What are your hobbies?

I love to fish, hunt, and travel with my family.

If you weren't working at Halter, what would you be doing?

I would be the CEO of a Fortune 500 Company and be a member of Halter Wildlife!

A NOTE FROM OUR MANAGER

Update on birds and the season

I would like to thank our membership for their patience and understanding with regard to our bird flu issue and our reduction in the quantity of birds available to us this season.

In spite of the challenges, it is nice to see that our members are having fun and safe hunts and continue to utilize the club.

I am happy to report that we have been able to increase our quantity of birds with mid season purchases from various clubs and vendors. I want to assure the membership that we will continue to work to find and acquire fair priced birds on a daily basis, and I want to thank those members who have helped us find birds through contacts of their own.

Regardless of the hunt, good food and camaraderie along with a beautiful day in the outdoors is what Halter is all about!

Happy holidays and we look forward to seeing you soon!

Sincerely,
Al Benson and the Halter team.

HALTER OUTFITTERS

Halter's Pro-shop is doing really well. Gun sales are on track to surpass last season, which is huge considering inventory has been tough last year. Although the supply chain issues continue, we are working very hard to satisfy special orders and keep a good inventory in the shop!

The Pro-Shop has new shotguns, Negrini cases, boyt cases, and accessories.
